

Don't Nobody Want None

Tech N9ne

Dedicated to all the DJ's and dance crews all around the world
(Tech N9ne) Don't nobody want it, we hella hot at the moment

We're coming for all opponents, it feel incredible don't it?

It really ain't a thang, who get 'em crazy goin' orangutan?

(Tech N9ne)

Look at 'em copy me,

trying to get top of the boss with a lot of mediocrity

Starting the properties, wanna get off in my monopoly

Tell me who is the one they call Chakratease?

(Tech N9ne)

It's been a wreck and a debt

When a head-on collision was in effect from a Tech

The other side is accursed, they have a lot of 'regerts'

My creation is shakin' the planet Earth (We'll show)

Everybody better (Kneel down)

Any opposition (We'll drown)

So don't you make a mistake with the Yates

Cause his plan of escape - you better wait

Don't nobody want none (Don't nobody want none)

Don't nobody want none (Don't nobody want none)

Don't nobody want none (Don't nobody want none)

Don't nobody want none (Don't nobody want none)

(Tech N9ne) The beat I broke

Never needed my chin hair to be thy goat

With the mic and my fight folks that peep my quotes

And try to stay say that we eat nice joke

(Tech N9ne)

The big man, the lift-hands and get fans

That pushing the poetry big as it can

Way up on the pedastal

Losing your lesson, just let it go

Killing so many, I might be federal

(Tech N9ne)

Your pal, Nina

Thinking dirty with your style, my style cleaner

Women all here by screaming just like I'm Alcina

Wanna go with the Scorpio, baby? I'll sting ya

Boo you, screw you too

Fool, you through

This how we do at the 'ZZou

Mizzou-zzou-zzou-zzou-zzou

'Zzou-zzou-zzou

'Zzou-zzou-zzou-Zzou-zzou-zzou-zzou
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Wait a minute Now the beat will style defeat
 Will step into anybody faking and lay them down to sleep
 Found a beast to give the people a sound to beat
 How elite? Tecca Nina, we're outin' a feast
 Yeah, another sucker lost tryna uppercut a boss
 Wanna break it on me? I'll break a motherfucker off
 Thinking that you could handle's a gamble
 We lit as a candle, damn your clan look nothing but scandals
 And taking the L
 You facing to fail, shaking the whale
 And you a snail awaking to hell
 Baking your tail with the heat
 The agony of defeat
 Depravity and tragedy it had to be of a chief
 Feed my technique and they come try to (Steal it)
 But they cannot duplicate how I (Kill it)
 Fakers will never compare to the (Realest)
 Tech is a murderer giving it up till they (Feel it) Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none) Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none)
 Don't nobody want none (Don't nobody want none) Boo you, screw you too
 Fool, you through
 This how we do at the 'ZZou
 Mizzou-zzou-zzou-zzou-zzou
 'Zzou-zzou-zzou
 'Zzou-zzou-zzou-Zzou-zzou-zzou-zzou
 Boo you, screw you too
 Fool, you through
 This how we do at the 'ZZou
 Mizzou-zzou-zzou-zzou-zzou
 'Zzou-zzou-zzou
 'Zzou-zzou-zzou-Zzou-zzou-zzou-zzou
