

New York (feat. YOSHIKI)

St. Vincent

New York isn't New York without you, love
So far in a few blocks, to be so low
If I call you from First Avenue
Well you're the only motherfucker in the city who can handle me
New love wasn't true love,
back to you, love
So much for a home run with some blue bloods
If I last-strawed you on 8th Avenue
Where you're the only motherfucker in the city who can stand me
I have lost a hero, I have lost
a friend
But for you darling I'd do it all again
I have lost a hero, I have lost a friend
But for you darling I'd do it all again
New York isn't New York without you, love
Too few of our old crew left on Astor
So if I trade our 'hood for some Hollywood
Where you're the only motherfucker in the city who would
Only motherfucker in the city who would
Only motherfucker in the city who'd forgive me
I have lost a hero, I have lost a friend
But for you darling I'd do it all again
I have lost a hero, I have lost a friend
But for you darling I'd do it all again
