

# Slip Away

Clarence Carter

[Verse:]

What would I give for just a few moments  
What would I give just to have you near  
Tell me you would try to slip away somehow  
Oh I need you darling I want to see you right now  
Can you slip away, slip away  
Slip away, oh I need you so. Love, oh love, how sweet it is  
When you steal love,  
Let me tell you how sweet it is...

[Verse 2]

Now I know it's wrong,  
The things I ask you to do  
But please believe me darling  
I don't mean to hurt you  
But can you slip away  
Without him knowin you're gone  
Baby, we could meet somewhere,  
Somewhere we both are not known  
Can you slip away, slip away,  
Slip away-ay-ay-ay...(stop) I need you so  
Vamp out...

Oh can you slip away baby  
I'd like to see you right now darling  
Can you slip away baby  
Cause I got to, got to see you  
I feel a deep burning inside  
Oh I wish you could slip away...
