

The View

Modest Mouse

Your gun went off
Well you shot off your mouth and look where it got you
My mouth runs on too
Shouts from both sides
Well we've got the land but they've got the view!
Well now here's the clueLife it rents us
And yeah I hope it put plenty on you
Well I hope mine did too
As life gets longer, awful feels softer well it feels pretty soft to me
And if it takes shit to make bliss well I feel pretty blissfullyYour gun went off
Well you shot off your mouth and look where it got you
My mouth runs on too
Shouts from both sides
Well we've got the land but they've got the view!
Well now here's the clueWe are fixed right where we standLife it rents us
And yeah I hope it put plenty on you
Well I hope mine did tooWe are fixed right where we areAs life gets longer, awful feels softer
well it feels pretty soft to me
And if it takes shit to make bliss well I feel pretty blissfully(For every invention made how
much time did we save?)
(We're not much farther than we were in the cave)
As life gets longer, awful feels softer and it feels pretty soft to me
And if it takes shit to make bliss well I feel pretty blissfully
If life's not beautiful without the pain
Well I just would rather never ever even see beauty again
Well as life gets longer, awful feels softer and it feels pretty soft to me(For every good deed
done there is a crime committed)
We are fixed
(For every step ahead we could have just been seated)
We are fixed
As life gets longer, awful feels softer well it feels pretty soft to me
We are fixed
And if it takes shit to make bliss well I feel pretty blissfully
We are fixed
We are fixed
We are fixed
We are fixed right where we stand
