Buju Banton

Christ all de girls dem

I would like to be the only
in your life
i want to be the only man
real quality time and affection
one man cyaan run her locked combination

Tear up resume
burn up application
one look she took
an me fit di position
no matter who inna di way
run away di likkle man

woman i see trouble
to how mi heart a bubble
something must be wrong
now true now me no have nothin
juggle me a juggle
still cyaan hold my hand
Girl, i would like to be your only
in your life
