

It's Hard to Hate Someone You Love

Urban Cone

Off she goes with her telephone
"I don't wanna lie to you" She said
"I don't wanna lie to you again" It's so hard to see it fall apart
"I don't wanna lie to you" She said
"I don't wanna lie to you again, baby" All these foals that end up all alone
"Do you wanna be like them?" I said
"Do you wanna be like them?" I said It's so hard when you can't see your heart
"I don't wanna lie to you" I said
"I don't wanna lie to you again, baby"
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
It's hard to hate someone you love
