

# Twenty Four Hours

## Joy Division

So this is permanence, love's shattered pride  
What once was innocence, turned on its side  
A cloud hangs over me, marks every move  
Deep in the memory, of what once was love  
Oh how I realised how I wanted time  
Put into perspective, tried so hard to find  
Just for one moment, thought I'd found my way  
Destiny unfolded, I watched it slip away  
Excessive flash points, beyond all reach  
Solitary demands for all I'd like to keep  
Let's take a ride out, see what we can find  
A valueless collection of hopes and past desires  
I never realised the lengths I'd have to go  
All the darkest corners of a sense I didn't know  
Just for one moment, I heard somebody call  
Looked beyond the day in hand, there's nothing there at all  
Now that I've realised how it's all gone wrong  
Gotta find some therapy, this treatment takes too long  
Deep in the heart of where sympathy held sway  
Gotta find my destiny, before it gets too late.
