

A Baby Changes Everything

Faith Hill

Teenage girl, much too young
Unprepared for what's to come
A baby changes everything Not a ring on her hand
All her dreams and all her plans
A baby changes everything
A baby changes everything The man she loves she's never touched
How will she keep his trust?
A baby changes everything
A baby changes everything And she cries!
Ooh, she cries
Ooh, oh
She has to leave, go far away
Heaven knows she can't stay
A baby changes everything She can feel it's coming soon
There's no place, there's no room
A baby changes everything
A baby changes everything And she cries!
And she cries!
Oh, she cries Shepherds all gather 'round
Up above the star shines down
A baby changes everything Choir of angels sing
Glory to the newborn King
A baby changes everything
A baby changes everything
Everything, everything, everything
Hallelujah
Hallelujah
Hallelujah
Hallelujah My whole life has turned around
I was lost but now I'm found
A baby changes everything, yeah
A baby changes everything
