

Cheerleader

JP Cooper

Hangin' up my boots now
Gonna put some roots down, baby
We got something good
In a world gone crazy
Give me your hand, I'm never gonna let go
Here in your arms, I finally feel at home
Take my heart, take my coat, honey
I'll be laughin' when your jokes ain't funny
I'm the only cheerleader that you'll ever need
Take my name, put yours in front of it
Darling, you can even take my wallet
I'm the only cheerleader that you'll ever need
You know I made my mind up
Sorry, darling, you're stuck with me
Talking to your father
Asking for his blessing
I wanna tell the whole world
Sing it from the rooftops
This is your love song
Are you gonna sing along
Take my heart, take my coat, honey
I'll be laughin' when your jokes ain't funny
I'm the only cheerleader that you'll ever need
Take my name, put yours in front of it
Darling, you can even take my wallet
I'm the only cheerleader that you'll ever need
So gimme love, gimme love
Give me your love
Gimme love, gimme love
Give me your love
Gimme love, gimme love
Give me your love
So gimme love, gimme love
Give me your love
Gimme love, gimme love
Give me your love
Gimme love, gimme love
Give me your love
Take my heart, take my coat, honey
I'll be laughin' when your jokes ain't funny
I'm the only cheerleader that you'll ever need
Take my name, put yours in front of it
Darling, you can even take my wallet
I'm the only cheerleader that you'll ever need
