

Demon Speeding

Rob Zombie

Why don't you ask me what it feels like to be a freak! Hey, do ya love me

I'm untouchable darkness

A dirty black river

To get you through this

Hey, do ya love me

I'm a devil machine

Get into my world

All American dream In the mouth of madness

Down in the darkness

No more tomorrow

Down in the hollow

Hey do ya love it when

The kids are screaming

Wrecking on the road

Violate their dreaming

Hey, do ya love to see

The filth in the clean

Get into the gone

All American dream In the mouth of madness

Down in the darkness

No more tomorrow

Down in the hollow I'm demon speeding

I'm demon speeding

I'm demon speeding

I'm demon speeding

Get it on, get it on

Get it on, get it on

Come alive Hey, do ya love me

Elevating the madness

A super death rising to

Get you through this

Hey, do ya love me

Like a beautiful fiend

Get into my world

All American dream In the mouth of madness

Down in the darkness

No more tomorrow

Down in the hollow I'm demon speeding

I'm demon speeding

I'm demon speeding

I'm demon speeding
