

# Let It Be

Hayley Kiyoko

Baby come around 'cause I need you  
Baby calm me down let me see you  
'Cause you know you're my operator  
Let me show every single layer  
Losing all my power just to have you  
Hundred miles an hour thinking 'bout you  
Every night gets a little tougher  
How can I dream about another 'Cause I believe we're the ones who had it all  
I believe we just had to learn to fall  
I miss you, I love you, so it's really hard to see  
Yeah, we just got to let it be  
Let us see, be free Baby come around 'cause I like you  
Laying on the floor here without you  
'Cause you know you're my operator  
Help me show every single layer  
Giving baby steps a new meaning  
Yeah, I'm making such a mess of my feelings  
Won't you just meet me in the middle  
Where's the love, won't you give a little 'Cause I believe we're the ones who had it all  
I believe we just had to learn to fall  
I miss you, I love you, so it's really hard to see  
Yeah, we just got to let it be Let us see, be free  
Let us see, be free  
Can't imitate us it's breaking my bones  
Heart up in chaos that keeps me alone  
Wasted the beautiful all on my own  
I'm making a new home  
Washing the sheets 'cause you're still in my bed  
Can't leave the dark 'cause you're all in my head  
All in my head and it's killing me, it's killing me  
'Cause we're at the end I believe we're the ones who had it all  
I believe we just had to learn to fall  
I miss you, I love you, so it's really hard to see  
Yeah, we just got to let it be
