## S

Don't waste your time giving up.  
You know you'll start over again.  
Find it and fix it, feel the end.  
Know there is some who loves you. And I'll find a home on the floor of the ocean.  
I won't have to see you with someone else there.  
I'll leave you a note: all the things I never said.  
Believe there is someone who loves you.  
Believe there is someone who loves you.  
I played this card too late and  
We walked and fucked up things.  
I knew this at the start. I feel sad today, and I can't trade this place, and I think I'll fall apart.  
And I think I'll fall apart.  
And I think I'll fall apart.  
And all of the sadness seeps in.  
It cradles you out until the end.  
And you can't get away from it.  
And it goes... Wherever... You go. And you can't get away from it.  
And it goes... Wherever... you go. (Ooh ah ooh ah ooh ah) I'll find a home on the floor of the  
ocean.
