

Begging for Mercy

Bullet for My Valentine

Yeah, oh Waking up with just one thing in mind
Eyes sewn shut so tear them open wide
I'm on the hunt, I'm on the prowl, I can almost taste you now
I'm on your scent, I'll track you down, I'm on you now Drain your blood, watch it pour
Drain your blood, plead no more Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Can you feel the pain? The smell of fear's around you
Do you wanna scream? Let it out just know I can hear you
I'm on the hunt, I'm on the prowl. I can almost taste you now
I'm on your scent, I'll track you down, I'm on you now Drain your blood, watch it pour
Drain your blood, plead no more Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Drain your blood, watch it pour
Drain your blood, plead no more
Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Please forgive me, I don't know what I'm doing
Someone help me, stop begging for your mercy
Oh
