

# Do Me, Baby

Prince

Here we are in this big old empty room, staring each other down  
U want me just as much as I want U, let's stop fooling around  
Take me baby... kiss me all over... play with my love  
Bring out what's been in me for far too long  
Baby, u know that's all I've been dreaming of  
Do Me Baby, like u never done before  
Give it to me till I just can't take no more  
Do Me Baby, like u never done before  
I want u now, I just can't wait no more, can't wait...  
Here we are looking for a reason for u to lay me down  
For a love like ours is never out of season, so baby please stop teasing me  
what ya do, I can never love no other, u're the best I ever had  
Whenever we're not close to one another, I just want u so bad  
So Do Me Baby, like u never done before  
Give it to me till I just can't take no more  
C'mon, Do Me Baby, like u never done before  
I want u now, I just can't wait no more  
I said ooo... ooo... oooo... oooooooo  
Do Me Baby, Do Me Baby, give it to me  
Do Me Baby, I want u now  
Do Me Baby, give it to me  
Do Me Baby, Do Me baby, don't wanna do it all alone  
I want your love.  
Do Me Baby, give it to me  
Do Me Baby, This feeling is too strong, make me wait 2 long, I want u now  
You're leaving me no choice  
OK, what are u gonna do... u just gonna sit there and watch? alright...  
are u sure u don't wanna close your eyes?  
...well, isn't it supposed to take a long time?  
I'm not gonna stop till the war is over...  
Help me! there... ok... ok  
I'm so cold... just hold me
