

# Rainbow Stew

Merle Haggard

Merle haggard / rainbow stew  
There's a big brown cloud in the city,  
And the country side a scene.  
The price of life is too high to give up  
It's rather come down again.  
When world wide war's is over and done  
And the dream of peace comes true.  
We'll all be drinking that free bubble up  
And eat that rainbow stew.  
When they'll found out how to burn water  
And the gasoline car is gone  
When an airplane flies without any fuel  
And the sunlight heats our home  
One of these days when the air clears up  
And the sun comes shining through  
We'll all be drinking that free bubble up  
And eat that rainbow stew.  
Eat that rainbow stew in a silver spoon  
Underneath that sky are blue  
We'll all be drinking that free bubble up  
And eat that rainbow stew.  
You don't have to get high to get happy  
Just think about what's in store  
When people start doing what they odd to be doing  
And they wont be booing no more  
When a president goes through the white house door  
Does what he says he'll do  
We'll all be drinking that free bubble up  
And eat that rainbow stew  
Eat that rainbow stew in a silver spoon  
Underneath that sky are blue  
We'll all be drinking that free bubble up  
And eat that rainbow stew
