

Getting Warmer

Gwen Stefani

I got an idea, you can save me and I can save you
I got an idea, we can be nice and we can tell the truth
Yeah, we can be decent, we can be honest, whoa oh oh oh
I got an idea, you can save me and I can save you
Is this real? I don't know, oh so let's play hot and cold Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I closer to the sun?
Am I getting warmer? Tell me baby, are you the one
Am I getting warmer?
I got an idea, you can like me just like I like you
I got an idea, I can tell you everything like we're supposed to do
Yeah, let it be mutual, let it be crucial, whoa oh oh oh
I got an idea, you can save me and I can save you
Is this real? I don't know, oh so let's play hot and cold Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I closer to the sun?
Am I getting warmer? Tell me baby, are you the one Maybe this time, yeah I might get it right if you let me, so let me
Maybe this time, yeah I might get it right if you let me, so let me
Oh...
Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I getting warmer?
Am I getting warmer? Am I closer to the sun?
Am I getting warmer? Tell me baby, are you the one
Am I getting warmer?
