Marabou

Antonia

As I'm walking down Rue de Rivoli Listening to the tape you once gave to me Leaves a little you here with me And when you're gone, I dreamFollow me down to Marabou (bu) Let me put my love into you (you) I'll let you cool me off with a kiss (kiss) Your waves will hit me like deja-vu (vu) So tonight I'll dream about Marabou (bu) Let me put my love into you (you) The tide will wash us up on the shore (shore) Your waves will hit me like deja-vu (vu) So tonight I'll dream about Marabou Remember Goodbye Lucille No.1 Not many know it, maybe some As the song goes by I miss you more and more So tonight I'll just dream about MarabouMa, Marabou Ma, MarabouFollow me down to Marabou (bu) Let me put my love into you (you) I'll let you cool me off with a kiss (kiss) Your waves will hit me like deja-vu (vu) So tonight I'll dream about Marabou (bu) Let me put my love into you (you) The tide will wash us up on the shore (shore) Your waves will hit me like deja-vu (vu) So tonight I'll dream about MarabouMa, Marabou Follow me down to Marabou (bu) Let me put my love into you (you) I'll let you cool me off with a kiss (kiss) Your waves will hit me like deja-vu (vu) So tonight I'll dream about Marabou (bu) Let me put my love into you (you) The tide will wash us up on the shore (shore) Your waves will hit me like deja-vu (vu)
