## Gold Skies (feat. Aleesia) [Overused Remix]

## Sander van Doorn, Martin Garrix & DVBBS

See the smoke when the sun shines

We will forever be faded under gold skies

Captivated in your cold eyes

We will forever be faded under gold skiesSee the smoke when the sun shines

We will forever be faded under gold skies

Captivated in your cold eyes

We will forever be faded under gold skiesComing up, coming down

Look at all this love we found

Just the sun, feel me now

We will live foreverComing up, coming down

Look at all this love we found

Just the sun, feel me now

We will live forever

Coming up, coming down

Look at all this love we found

Just the sun, feel me now

We will live foreverComing up, coming down

Look at all this love we found

Just the sun, feel me now

We will live foreverComing up, coming up, coming up

Coming up, coming up, coming up

Coming up, coming up, coming up

Coming up, coming up, coming up...We will forever be faded under gold skiesComing up,

coming down

Look at all this love we found

Just the sun, feel me now

We will live forever

Coming up, coming down

Look at all this love we found

Just the sun, feel me now

We will live foreverComing up, coming down

Look at all this love we found

Just the sun, feel me now

We will live foreverComing up, coming up, coming up

Coming up, coming up, coming up

Coming up, coming up, coming up

Coming up, coming up...We will forever be faded under gold skiesWe will forever be faded under gold skies
