

War Nerve (Live '98)

Pantera

Truly, fuck the world, for all it's worth, every inch of planet
earth, fuck myself, don't leave me out, but don't get
involved, don't corner me
inside, ulcer, unjust bastards, file out face first
meet the lies and see what you are

(pre)

it's forcing you down, and it's grinding against you
let the war nerve break

(chorus)

for every fucking second the pathetic media pisses on me and
judges what i am in one paragraph - look here - fuck you all
Expect the worse, you bleeding heart, but kill me first
before it starts, yes my cock is getting hard, we are
born different after all
invite mayhem, produce weapons, shoot out, burn down
no cnn or media now

(pre)

(chorus)

All the money in the fucking world couldn't
buy me one second of trust or one ounce of faith in anything you're about
fuck you all

Nothing is worth the sleep that i've lost
apologies unacceptable now
a blistered revenge awaits in me
this is fucking loveless
hate

hate mail is not read, in jail instead
hate

the lord knows, there's worse
ignore, this curse
hate
