

Setting Sun (Nora En Pure Remix)

Dirty Vegas

There is no reason we should give in
There is no reason we should start
We are breaking down our hope our sane
Cause this is all we've gotThe picture is never perfect
We were broken from the start
but the pieces fit together now
It's better than if it fall apartDon't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sun
There is no reason we should give in
There is no reason we should start
We are breaking down our hope our sane
Cause this is all we've gotDon't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sunDon't stop now (Don't stop now)
Can't stop now (Can't stop now)
Cause all we gotta do is run
Keep running from the setting sunAll we gotta do
All we gotta do
All we gotta do is run
All we gotta do
All we gotta do
All we gotta do is keep running from the setting sun
All we gotta do
All we gotta do
All we gotta do is run
All we gotta do
All we gotta do
All we gotta do is keep running from the setting sunDon't stop now
Can't stop now
Cause all we gotta do is run
Keep running from the setting sunDon't stop now (Don't stop now)
Can't stop now (Can't stop now)
