

My God Is the Sun

Queens of the Stone Age

Far beyond the desert road where everything ends up
So good, the empty space,
mental erase forgive, forgot Heal them, like fire from a gun
Kneeling, my god is the Sun
Heal them, with fire from above
Kneeling, my god is the Sun I don't know what time it was
I don't wear a watch
So good to be an ant who crawls
atop a spinning rock
Heal them, like fire from a gun
Kneeling, my god is the Sun
Heal them, with fire from above
Kneeling, my god is the Sun
Heal them, like fire from a gun
Kneeling, my god is the Sun
Healing, kneeling
godless heathens Godless heathens always want from the sky...
