

Gimme Love

[Joji](#)

Gimme, gimme love
Gimme, gimme love
Gimme, gimme love
Gimme, gimme love when I'm gone
When I'm gone Gimme, gimme love
Gimme, gimme love
Gimme, gimme love
Gimme, gimme love when I'm gone
When I'm gone Swinging out front, let me inside
Playing my song into my side
Still hurts, I can't lie
Remember those times I fought to get out?
I want to get out
Those pictures so clear
Are fading in my mind
You leave me here
With ashes, I'm fine These people don't help
These people don't feel
These people, unreal
So make me this deal
Won't you? Gimme, gimme love
Gimme, gimme love
Gimme, gimme love
Gimme, gimme love when I'm gone
When I'm gone
Gimme, gimme love
Gimme, gimme love
Gimme, gimme love
Gimme, gimme love when I'm gone
When I'm gone Look into your heart and let me know
Do things turn black and grey as they go?
When I'm far too gone
Can you show me love?
Give me love Caught in a river of rockers and fools
Oh, will you keep up with me?
Everyone's looking for someone to hold
But I can't let you go
