

Heroic Shart

Pond

Baby
Cant you see?
You only pity me
Baby
Cant you see?
You only pity meWould it set me free
Would it give me (oh)
Would it work for me if my heroes were untold
Honey
What are you doing here
Babe, there must be something clear
You stay inside, are you just a child, are you from hereWould it set me free
Would it give me (oh)
Would it work for me if the audience were told
Would it work for me
Would it give me (oh)
Would it work for me if my heroes were untoldWould it set me free
Would it give me (oh)
Would it work for me if the audience were told
