

# Breathing Underwater

## Metric

I'm the blade, you're the knife  
I'm the wind, you're the kite They were right when they said  
We were breathing underwater  
Out of place all the time  
In a world that wasn't mine to take I'll wait, is this my life?  
Am I breathing underwater?  
Is this my life?  
Am I breathing underwater?  
I'm the blade, you're the knife  
I'm the wind, you're the kite They were right when they said  
We should never meet our heroes  
When they bow at their feet  
In the end it wasn't me Is this my life?  
Am I breathing underwater?  
Is this my life?  
Am I breathing underwater? Lights of days  
Will beat a path through the mirrored maze I can see the end  
But it hasn't happened yet  
I can see the end  
But it hasn't happened yet  
Is this my life?  
Am I breathing underwater?  
Is this my life?  
Am I breathing underwater? Am I breathing underwater?  
Am I breathing underwater?
