

Sun Goes Down

[ATB](#)

I dont know what else could make it go,
I dont know what else to do to make it come (yeah)
maybe im tired of thinking,
maybe my life is just growing old
well thats enough crying for today
do we have enough friend-nemmies to make you stay?
maybe im tired of thinking,
maybe my life is just growing old
dont let the sun go down on me
dont let the sun Go down on me,
Mama i think im getting cold
what if i cant remember what you told me
maybe im tired of thinking,
maybe my life is just growing old
Looks like ive just lost my hand
I think i'll throw my stick back in the sand.
dont let the sun Go down on me.
