

# One Mo'Gin

## D'Angelo

I know some things have changed since the last I've seen U  
Some's good, some for the bad  
All and all I can't complain that's what I've been through, baby  
But seeing U reminds me of the precious times we had

(Chorus)

I wondered all this time 'bout how U been  
And I hoped by chance I'd see U once again  
I'd love 2 kiss your lips baby once again  
I, long 2 hold U tight girl, one mo'gin I know U got someone, I got somebody 2  
But I'm unhappy and I miss the shit we used 2 do  
I miss your smile, your mouth, your laughter, baby  
I never bumped into your kind before or after

(And I wonder)

(Chorus)

I know U goota be getting back 2 your own thing  
Baby U got yours - I got mine  
I hope U know that U could call me girl when things change  
If U want 2 we could catch up on some lost time

(Chorus)
