

Escape

Hoobastank

Another day goes without any change,
The feeling we live with still remains,
We're stuck in a hole, and we're searching for anything
To hold on to.
There has to be somewhere that we can be safe
From the lives we live each day.
There has to be somewhere that we can be far away...We have to escape, and I will go anywhere
If you just lead the way.
Escape to a place where we'll be together,
Together every day.
We have to escape...
We could be living how we wanted to, (we wanted to)
Instead of doing things we're forced to do,
With no one to tell us that we should be going through
What they went through.
There has to be some place that nobody knows, (nobody knows)
Somewhere we can only go.
There has to be some place that we can be all alone...We have to escape, and I will go anywhere
If you just lead the way.
Escape to a place where we'll be together,
Together every day.
We have to escape, and I will go anywhere
If you just lead the way.
Escape to a place where we'll be together,
Together every day.
Oh, together everyday...
Oh yeah...
We have to escape... (escape)
We have to escape... (escape)
We have to escape, and I will go anywhere
If you just lead the way.
Escape to a place where we'll be together,
Together every day. We have to escape, (escape) and I will go anywhere
If you just lead the way.
Escape to a place (escape) where we'll be together,
Together every day.
We have to escape...
