

# A Higher Place

Adam Levine

I don't know why I don't see happiness in this town  
Everyone I meet seems so ... they frown  
What good's live in where dreams come true if nobody smiles?  
Everyone's chasing latest star, the latest style  
Take me to another space and time  
You take me to a higher place so  
I'm about to get out of the race  
I don't mind  
Yeah, all I know is everything's nothing if I don't have you  
I don't know if I'm the fool who's getting this so wrong  
That's the dream to sing the perfect girl the perfect song  
All I know is I can keep on ..... the sky  
When you're the only one that sees worth within my eyes  
Take me to another space and time  
You take me to a higher place so  
I'm about to get out of the race  
I don't mind  
Yeah, all I know is everything's nothing if I don't have you  
You take me to another place  
You take me to another place  
You take me to a higher place  
Take me another space and time  
You take me to a higher place so  
I'm about to get out of the race  
I don't mind  
Yeah, all I know is everything's nothing if I don't have you  
I'm about to get out of the race  
I don't mind  
Yeah, all I know is everything's nothing if I don't have you
