

Goodbye (feat. Mat Kearney)

Filous

Everybody's got their reasons
Everybody's got their lines
Everybody says forever
But it's never 'round when it dies
My heart is on the table
Somebody's gotta try
I'm willing and I'm able
Don't you know it?
I don't wanna say goodbye
All my life
Waited for something this right
One more night
And I'm tryna stop the morning light
I don't wanna say goodbye
I don't wanna say goodbye
I don't wanna say goodbye
Don't wanna say goodbye
Nobody said it's easy
And nobody wants a fight
Nobody in here is perfect, but it's worth it with wide open eyes
My heart is on the table
If nobody's gonna try
I'm willing and I'm able
Don't you know it?
I don't wanna say goodbye
I don't wanna say goodbye
