## **Young Blood**

## **Rickie Lee Jones**

Take a walk around midnight in the city Young blood is hiding there somewhere If you're looking for something to do

There's always something happening thereLike I & Bragger, we borrowed a coupe today

Here come Pepe and she's got a friend in a Chevrolet

But she ain't running, she's walking a little slow
And she ain't crying, she's just singin' a little lowThey say this city will make you dirty, but you look alright

You feel real pretty when he's holding you tight
City will make you mean but that's just make-up on your face
Love will wash you clean in the night's disgrace
Find a block where your people can find you
Keep your third eye watching behind you

You never know when you're making a memory
They will wish they were here together again, somedayKids looking for something to get into,
take a look

Two for the movie show, three in the back row, hold on tight
Remember, you might have looked like cool twelve
But your fuse felt just like dynamiteThis city will make you dirty, but you look alright
You feel real pretty when he's holding you tight
City will make you mean but darlin', that's just make-up on your face

Love will wash you clean in the night
Take a walk around midnight in the city
Young blood will find you there, somewhere
And if you're looking for something to do

There's always something happening there Something's happening there

Something's happening there

Look here, y'all
