

# Jump the Fence

Gia Woods

Walking with my hand along the fence  
Running sprints in my mind 'till I'm outta breath  
And it doesn't add up, no it don't make sense Why I want you, why I want you  
Tripping over words that ya said  
Talking over voices in the back of my head  
Nothin's concrete 'bout what I'm gonna get  
But I want you, ya I want you I know that you're so bad for my health  
But I can't help myself, no I can't help myself  
I should give my time to someone else  
But I can't help myself, no I can't help myself  
I'ma jump the fence, won't second guess  
'Cause the way ya got me feelin's  
Got me feeling dangerous  
I'ma jump the fence  
And say, Fuck the rest  
Falling down for you is worth  
The hurt of landing on my head  
I'ma jump the fence Friends say I'm better off alone  
Sitting on my hands, so I won't pick up my phone  
Tryna play it cool, but you already know  
That I want you, ya I want you I know that you're so bad for my health  
But I can't help myself, no I can't help myself  
I should give my time to someone else  
But I can't help myself, no I can't help myself  
I'ma jump the fence, won't second guess  
'Cause the way ya got me feelin's  
Got me feeling dangerous  
I'ma jump the fence  
And say, Fuck the rest  
Falling down for you is worth  
The hurt of landing on my head  
I'ma jump the fence Take my love, take all that you need  
You know I want ya, you know I want ya  
Feel my touch, feel everything  
I know ya wanna, I know ya wanna  
So I'm gonna I'ma jump the fence, won't second guess  
'Cause the way ya got me feelin's  
Got me feeling dangerous  
I'ma jump the fence  
And say, Fuck the rest  
Falling down for you is worth  
The hurt of landing on my head
