## I'm a Believer (feat. Trip Lee & SOYE)

## Tedashii

Let's tell 'em! I'm a believer hey We gotta let them know Hey to all GODS people I'm a believer! This right here don't make no sense You ain't gotta guess baby that I'm His Crucified, died, now alive in Him I done put my faith in Him hommie till the end Now the new life, I live in Christ It's because of Him, ya boy shines so bright You can keep the ring and the chains and the ice Cams main campaign ain't to pop champagne, that's lame, no game Hommie I rep Christ You can peep my lyrics and the way that I write I surrendered everything, even my rights I count it all lost just so I can know Christ Or better yet baby just so that He can know me as a son coming home from prodigal to free Free from my sin that's the end of my grief I'm a believer so best believe this is me Even at the cross Jesus took my place He didn't deserve it, I guess that's what we call faith I did deserve it, I guess that's what you call grace He did it for certain and guaranteed my place in Him and then seated me on high In the end baby i'll be caught up in the sky on a dime, in the twinkling of an eye, i'll be found in the air with my savior Jesus Christ I'm a believer I'm a believer no doubt I'm a believer yeah I'm a believer hear me out I'm a believer yeah I'm a believer yeah yeah He came into my life and I never thought twice He's all that I have and I'm willing to fight I stare at them like. I'm a believer Some might know me as a rapper some might know me as a southern dude Others as a black man, but first I got another crew Ever since I heard the Gospel message how the Son was bruised, I got a new identity, it's like your boy's another dude We ain't undercover brother, come and see us trust the Truths that we stand under brother, other things adjust and move Some say we dumb for trusting Christ, they say we just some fools, but you can check His grave if you want it proved, ooh

We ain't perfect at all nah We recognize this life's hard The difference is instead of drowning, we trust the Life Guard We fight hard, but with the right perspective as we walk this Christ, He works in us like an office, so I'm a believer I'm a believer I'm a believer no doubt I'm a believer yeah I'm a believer hear me out I'm a believer yeah I'm a believer yeah yeah So in the end, hey this is me I ain't that cat that you seen on TV I ain't that rapper, model, actor, baller, none of them defines me I'm a believer, known to the One that exist in three Co-heir to the kingdom, this means I'm the King's son, partner, that's what defines me Identity - crucified, choose to die, now the life that I live, not I But it's this flesh, He laid to rest, through faith, I live by Christ (Trip Lee) I'm quite sure your mama told you not trust just anybody But tell me who is like the Lord? Not anybody I took a look at Him in the Scriptures, this really got me He keeps His promises, even though cats be living sloppy Look at His love, and His grace, and His just mercy I was dirty, till I trusted Him who's trustworthy I'm a believer I'm a believer no doubt I'm a believer yeah I'm a believer hear me out I'm a believer yeah I'm a believer yeah yeah
