

Never Enough (feat. 50 Cent & Nate Dogg)

Eminem

Wanna pull an all nighter
 And get into something we'll never forget
 Wanna stay up and party
 The weekend away and not know when to quit
 Wanna drive in the night to the end of the end
 And go over the edge
 Wanna wake up with you
 And say baby let's do it all over again
 Lips so good I forget my name
 I swear I could give you everything
 I don't need my love
 You can take it, you can take it, take it
 I don't need my heart
 You can break it, you can break it, break it
 I just can't get too much of you, baby
 It's never, it's never enough, never enough
 It's never enough, never enough
 Come on
 Come on
 Wanna pull an all nighter
 And get into something we'll never forget
 Wanna stay up and party
 The weekend away and not know when to quit
 Wanna drive in the night to the end of the end
 And go over the edge
 Wanna wake up with you
 And say baby let's do it all over again
 Lips so good I forget my name
 I swear I could give you everything
 I don't need my love
 You can take it, you can take it, take it
 I don't need my heart
 You can break it, you can break it, break it
 I just can't get too much of you, baby
 It's never, it's never enough, never enough
 It's never enough, never enough
 Come on
 Come on
 Come on
 Come on
 Too much is never enough
 Too much is never enough
 Too much
 Too much is never enough
 Too much is never enough
 Too much is never enough
 Never enough
 Never enough
 Never enough
 I don't need my love
 You can take it, you can take it, take it

I don't need my heart
You can break it, you can break it, break it
I just can't get too much of you, baby
It's never, it's never enough, never enough
I don't need my love
You can take it, you can take it, take it
I don't need my heart
You can break it, you can break it, break it
I just can't get too much of you, baby
It's never, it's never enough, never enough
It's never enough, never enough
Come on
Come on
Come on
Come on
