4I was alone and my stomach was twisted

But I can get up now

The dark clouds have lifted

Back in the old life

Before you existed

I couldn't see right

My windows were misted

Said one word, made me feel much better

Starts with L and it's got four lettersThings are looking up, looking up (hey!)

There's magic everywhere you go

Strangers stop to say hello (hello, hello, hello)

So turn it up, turn it up (hey!)

As loud as you can make it go

'Cause love is on the radioNow that I've found you

My heart's beating faster

We could be happy forever and after

We could be married

Like Mrs and Mr

We'll have a son

And we'll give him a sisterJust one thing holding us together

A four letter word and it lasts forever

Things are looking up, looking up (hey!)

There's magic everywhere you go

Strangers stop to say hello (hello, hello, hello)

So turn it up, turn it up (hey!)

As loud as you can make it go

'Cause love is on the radioLove is on the radio

Love is on the radio

(Turn it up, turn it up)

Love is on the radio

(Turn it up, turn it up)

Love is on the radio

(Turn it up, turn it up)

Love is on the radio

(Turn it up, turn it up)

Love is on the radio

(Turn it up, turn it up)

Love is on the radio

(Turn it up, turn it up)

Love is on the radioFunny one thing led to another
You came along, filled my days with colour
And its been an everlasting summer
Since we found each otherThings are looking up, looking up (hey!)
There's magic everywhere you go
Strangers stop to say hello (hello, hello, hello)
So turn it up, turn it up (hey!)
As loud as you can make it go
Play until your speakers blow
Listen 'til your ears explode
'Cause love is on the radio
