

# Don't Let Go

## Warpaint

Don't let go  
I want you  
Don't let go  
I need you now  
Don't let go  
I want you  
Don't let go  
I need you now I'm living  
As we're in love  
I'm living  
I'm living  
Don't let go  
I want you  
Let me go  
I need you now  
Let go  
I want you  
Let me go  
I need you now It's the end of us  
Because of what I've done  
What I've done  
Love is rushing to my head, I'm trying  
My best to make a little sense at least once Please someone show me how  
Someone show me how  
To let go  
I want you  
Let you go  
I need you now  
Don't let go  
I want you  
Let me go  
I need you now Please someone show me how  
Someone show me how  
Someone show me how
