## Hades »Pluton«

## Sopor Aeternus \& The Ensemble Of Shadows

I dreamt that I was lying on the bottom of the dark and never-ending sea, on a bed that my dead lover was preparing with his own skeleton for me ...("...bring us a goat and we'll show you<br>the way straight through the realm of the fallen and slain<br>...")I sensed the wretched spectres of the drowned staring across from some distant shore, and in my sadness I drew closer, to condole and somewhat to<br>implore ...I am like the doubtful kiss of a corpse or maybe the kiss of an ancient stone.<br>Yes, it's like kissing some marble statue<br>that has neither warmth nor life of its own...<br>("...down, further down, where the gloom becomes sound, on the cell where your love might be found ...")COVER THE MIRRORS, FRAGILE HAS DIED,<br>LEAVING BUT A STARLESS RUIN BEHIND! SHATTER THE MIRRORS,<br>SO THAT HE CAN NEVER BE CALLED BACK FROM THE BLESSED SILENCE OF HIS SCARED VAULT ...No, no, no...- put an end to the show! I am going back to the land where the bone-flowers grow, to "the wild, weird clime that lieth, sublime, out of Space - out of Time"See the shape, but can't see through, no-one can ever hate me as well as I do.<br>Know when to throw a laugh,<br>know how to force a smile, whatever the intention ...<br>- I'm such a "friendly" lie!<br>("...bring us only this goat and we'll lead you to him, it shall open the gates, so we can sneak you in...")"Bring us a goat and we'll show you<br>the way straight through the realm of the fallen and slain.<br>Down, further down, where the gloom becomes sound,<br>on to the cell, where your love might be found ...<br>Bring us only this goat and we'll lead you to him,<br>it will open the gates, so we can sneak you in.<br>Oh, it's cold and so dark here, and you must keep in mind, no-one can get you out, if you overstep time...!<br>Song Discussions is protected by U.S. Patent 9401941 . Other patents pending.
