

Never Too Young (feat. James Maslow)

MattyB

You're never too young to fall in love (in love)
You're never too young to What's up with the day (day)
People talkin' bout me
They say what's up with your age man
Why you wanna doubt me
See me living while I'm young
Say I couldn't, shouldn't, won't
Oh I cant? That's whats up
I'mma do it on my own
This goes out to everybody
Chasing after what they want
It don't matter where you've been
It only matters where you're going
I see you and I think about an angel from above
But they keep on telling me it's puppy love
You make me feel like everything we have is real
Every time I look at you it makes me smile I've been thinking about you every night
All the time - Can't get you off my mind
I just want to hold you tight
Feels so right when I've got you by my side
They say that we're wrong
And we don't know what love is
They say we're too young But you're never too young to fall in love (in love)
You're never too young to fall in love (in love)
You're never too young to fall
(in love in love - you're never too young to fall)
Have you ever had a dream where
Things ain't what they seem and
Everything you want is right in front of you
Standing there
Hoping and praying that you can finally make it be
Open your eyes and realize that it ain't a dream and
Everything you see here is the truth my reality
Young but I'm going for it
Hater's 'gonna be mad at me
I see you and I think about an angel from above
I don't care if they keep saying puppy love You make me feel like everything we have is real
Everytime I look at you it makes me smile I've been thinking about you every night
All the time - Can't get you off my mind
I just want to hold you tight
Feels so right when I've got you by my side
They say that we're wrong

And we don't know what love is
They say we're too young But you're never too young to fall in love (in love)
You're never too young to fall in love (in love)
You're never too young to fall Hey, hey, hey, hey
What's up with that hate
Why you always trippin' every time you come my way
Every time I come around you try to bring me down
I don't get why you are so infatuated with me now
Hair long curl girl
You my favorite girl (girl)
Hang around with me and maybe we can change the world
You're my favorite melody the reason for my song
We won't let nobody tell us we're too young - chyeah(break)yeah, yeah... makes me smile
I've been thinking about you every night
All the time - Can't get you off my mind
I just want to hold you tight
Feels so right when I've got you by my side
They say that we're wrong
And we don't know what love is
They say we're too young
But you're never too young to fall in love (in love)
You're never too young to fall in love (in love)
You're never too young to fall
Never too young to fall in love - no no
