

I Like It

We the Kings

You've got a tendency in taking all your clothes off
Oh man hot damn you've got a body like ohh ohh ohh oh
You've got a part of me addicted to the moment
Oh man hot damn I've fallen hard like ohh ohh ohh oh I like it Ohh from the minute you walked
in my life
I've never felt so alive cause everything I did was wrong
Now everything I do feels right
I love it when you make me laugh
I love it when you make me cry
Cause everything I did was wrong
Now everything I do feels right ohh ohh ohh oh
I like it ohh ohh ohh oh
I like it You've got a temperature that fever feel that's so nice
Oh man hot damn I'm burning up like ohh ohh ohh oh
She got me coming going til the morning sunlight
Oh man hot damn we going down like ohh ohh ohh oh I like it Ohh from the minute you walked
in my life
I've never felt so alive cause everything I did was wrong
Now everything I do feels right
I love it when you make me laugh
I love it when you make me cry
Cause everything I did was wrong
Now everything I do feels right ohh ohh ohh oh I like it ohh ohh ohh oh
So let me see you break it down
Yeah yeah
So let me see you break it down
Yeah yeah
So let me see you break it down
Ohh ohh ohh ohh oh yeah
So let me see you break it down
Ohh ohh ohh ohh yeah yeah Ohh from the minute you walked in my life
I've never felt so alive cause everything I did was wrong
Now everything I do feels right
I love it when you make me laugh
I love it when you make me cry
Cause everything I did was wrong
Now everything I do feels right ohh ohh ohh oh
I like it ohh ohh ohh oh
I like it
You've got a tendency in taking all your clothes off
Oh man hot damn you've got a body like ohh ohh ohh

I like it
