

Pray (feat. Conor Maynard)

Alok

Pray
Pray Give me your heart, give me your soul
Show me where you wanna go And now I'm craving
For your love I'm caving in
But how you gonna leave me now
Just throw it away
All my tears are falling down in Pray
I thought I'd leave you
But I was staying
Never gonna run away
Eh eh, eh eh
Everytime you call my name
I will pray
Pray
I thought I'd leave you
Pray
Never gonna run away
Eh eh, eh eh
Everytime you call my name
I will pray They say, calm, calm the storms
Suddenly we can find it all And now I'm craving
For your love I'm caving in
But how you gonna leave me now
Just throw it away
All my tears are falling down in
Pray
I thought I'd leave you
But I was staying
Never gonna run away
Eh eh, eh eh
Everytime you call my name Pray
I thought I'd leave you
Pray
Never gonna run away
Eh eh, eh eh
Everytime you call my name
I will pray Pray
