

# Western Girls

[Marty Stuart](#)

Big hair, pink lips, eyes all painted up  
Spray net and George Strait riding in her pickup truck  
Midnight, highway, headed for the club Siam  
Heartbeat hot spot, looking for a cowboy man  
I'm a talking about Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream  
Jukebox, dance floor, angel in a cowboy hat  
Dim lights, slow dance, how come they move like that  
Well I've honky tonked all around the world  
And every place I go  
I've seen them cowboy girls doing the do-si-do  
I'm a talking about Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream  
Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream
