

# Welcome to the Family

## Avenged Sevenfold

Hey kid (hey kid)  
Do I have your attention?  
I know the way you've been living  
Life's so reckless, tragedy endless  
Welcome to the familyHey  
There's something missing  
Only time will alter your vision  
Never in question, lethal injection  
Welcome to the familyNot long ago you find the answers were so crystal clear  
Within a day you find yourself living in constant fear  
Can you look at yourself now, can you look at yourself?  
You can't win this fight  
In a way it seems there's no one to call  
When our thoughts are so numb  
And our feelings unsure  
We all have emptiness inside, we all have answers to find  
But you can't win this fightHey kid (hey kid)  
I have to question  
What's with the violent aggression  
Details blurry, lost him too early  
Welcome to the familyHey  
Why won't you listen?  
Can't help the people you're missing  
It's been done, a casualty rerun  
Welcome to the family  
I try and help you with the things that can't be justified  
I need to warn you that there is no way to rationalize  
So have you figured it out now, so have you figured it out?  
You can't win this fightAnd in a way it seems there's no one to call  
When our thoughts are so numb  
And our feelings unsure  
We all have emptiness inside, we all have answers to find  
But you can't win this fight!Here for you and all mankind  
I've lost my mind  
Psychotic rounds in rabid dementia  
I won't be fineI see you're a king who's been dethroned  
Cast out in a world you've never know  
Stand down, place your weapon by your side  
It's our war in the end, we'll surely lose but that's alright  
So have you figured it out now, so have you figured it out?And in a way it seems there's no one  
to call  
When our thoughts are so numb

And our feelings unsure  
We all have emptiness inside, we all have answers to find  
But you can't win this fight  
Deep inside where nothing's fine  
I've lost my mind  
You're not invited, so step aside  
I've lost my  
Deep inside where nothing's fine  
I've lost my mind  
You're not invited, so step aside  
I've lost my
