

Sun Comes Up (feat. James Arthur)

Rudimental

I wonder, maybe they'd never find me
I've been waitin' such a long, long, long time to feel it
Swallowed by the waters around me
I know, I took so many wrong, wrong, wrong turns to see it, woah But I danced through the
blisters at night
And I laughed 'til I cried and cried and
I ran 'til my feet couldn't run no more (no more, no more)
And I sat 'til my lungs were burnin'
'Til I know I'm alive, alive
I'll sit 'til I can't hear words no more
Suddenly the sun comes up
And I feel my love floodin' back again, yeah
Until the sun comes up
And I feel my love comin' up again
Suddenly the sun comes up
And the dark is gone
We made it to the dawn
And I don't miss you anymore
When the sun comes up
I can feel my love comin' back again It wasn't easy tryin' to run with these handcuffs
I had to sleep through such a cold, cold, cold night to see it
Green flashes hit me right where I'm standing
Sunlight cut into your bone, bone, bone, start to heal it
But I danced through the blisters at night
And I laughed 'til I cried and cried and
I ran 'til my feet couldn't run no more (no more, no more)
And I sat 'til my lungs were burnin'
'Til I know I'm alive, alive
I'll sit 'til I can't hear words no more Suddenly the sun comes up
And I feel my love floodin' back again, yeah
Until the sun comes up
And I feel my love comin' up again
Suddenly the sun comes up
And the dark is gone
We made it to the dawn
And I don't miss you anymore
When the sun comes up
I can feel my love comin' back again Give a little light
To get a little love back
Give a little light
To get a little love back
Give a little light

Won't you give me
To get a little love back
Give a little love
Give a little light
Won't you give me
To get a little love back
Turn your light on me
Give a little light
Give a little
To get a little love back
To get a little love
Give a little light
To get a little love back, oh I danced through the blisters at night
I laughed 'til I cried and cried and
I ran 'til my feet couldn't run no more (no more, no more)
And I sat 'til my lungs were burnin'
I'm alive, alive
I can't hear words no more Suddenly the sun comes up
And I feel my love
Sun comes up again (my love)
Until the sun comes up
And I feel my love comin' up again
I can feel my love, I can feel my love Sun comes up
I can feel my love comin' back again
