## **Snap Out of It**

## **Arctic Monkeys**

```
What's been happening in your world?
                               What have you been up to?
                      I heard that you fell in love, or near enough
   I gotta tell you the truth (yeah)I wanna grab both your shoulders and shake, baby
                              Snap out of it (snap out of it)
                        I get the feeling I left it too late, but baby
                              Snap out of it (snap out of it)
                          If that watch don't continue to swing
                          Or the fat lady fancies having a sing
                                       I'll be here
                          Waiting ever so patiently for you to
                                          Snap
                                           Out
                                           Of
                                            It
                               Forever isn't for everyone
                                   Is forever for you?
                              It sounds like settling down
                                      Or giving up
But it don't sound much like you, girlI wanna grab both your shoulders and shake, baby
                              Snap out of it (snap out of it)
                       I get the feeling I left it too late, but baby
                              Snap out of it (snap out of it)
                          If that watch don't continue to swing
                          Or the fat lady fancies having a sing
                                       I'll be here
                          Waiting ever so patiently for you to
                                          Snap
                                           Out
                                           Of
                                            It
                         Under a spell you're hypnotized (ooh)
                  Darling how could you be so blind? (snap out of it)
                         Under a spell you're hypnotized (ooh)
Darling how could you be so blind? I wanna grab both your shoulders and shake, baby
                              Snap out of it (snap out of it)
                        I get the feeling I left it too late, but baby
                              Snap out of it (snap out of it)
                          If that watch don't continue to swing
                          Or the fat lady fancies having a sing
                                       I'll be here
                          Waiting ever so patiently for you to
```

Snap Out Of It
