

# Paris in the Rain

Lauv

All I know is  
We could go anywhere, we could do  
Anything, girl, whatever the mood we're in  
Yeah, all I know is  
Getting lost late at night under stars  
Finding love standing right where we are  
Your lips, they pull me in the moment  
You and I alone and  
People may be watching, I don't mind  
'Cause anywhere with you feels right  
Anywhere with you feels like  
Paris in the rain, Paris in the rain  
We don't need a fancy tongue or bottles that we can't pronounce  
'Cause anywhere babe is like Paris in the rain  
When I'm with you, when I'm with you  
Paris in the rain, Paris in the rain  
I look at you now and I want this forever  
I might not deserve it but there's nothing better  
Don't know how I ever did it all without you  
My heart is about to, about to jump out of my chest  
Feelings, they come and they go, that they do  
Feelings, they come and they go, not with you  
Late nights and street lights and the people  
Look at me girl and the whole world could stop  
'Cause anywhere with you feels right  
Anywhere with you feels like Paris in the rain, Paris in the rain  
We don't need a fancy tongue or bottles that we can't pronounce  
'Cause anywhere babe is like  
Paris in the rain  
When I'm with you, when I'm with you  
Paris in the rain, Paris in the rain, oh  
Going all night with you  
All I do is miss you  
So come and set the mood right underneath the moonlight  
Crazy, Paris, nights in Paris  
Need you with my eyes closed  
Wonder where the time goes (Isn't it obvious?)(Isn't it obvious?)  
So come and set the mood right underneath the moonlight  
'Cause anywhere with you feels right  
Anywhere with you feels like  
Paris in the rain, Paris in the rain  
Walking down an empty street

Bottles underneath our feet
