

# Blame (feat. Naïka)

## Party Favor

Call me impossible  
'Cause I get that a lot  
If I'm irrational  
Then just tell me to stop  
I could be cynical  
And then I'd just blame it on love  
Blame it on love, blame it on us What in my soul departed  
Why can't I trust? (I just can't trust)  
Just sitting far to all I touch (All I touch)  
Saw myself back where I started  
And then I'd just blame it on love  
Blame it on love, blame it on us  
Blame it on us  
Blame it on love, blame it on us  
Blame it on us I know I'm infamous  
'Cause you can't win them all  
And maybe I'm used to this  
'Cause I always follow the loving back in again (Oh no, no)  
And then I'd just blame it on love  
Blame it on love, blame it on us (Oh no, no) What in my soul departed  
Why can't I trust? (I just can't trust)  
Just sitting far to all I touch (All I touch)  
Saw myself back where I started  
And then I'd just blame it on love  
Blame it on love, blame it on us  
Blame it on us  
Blame it on love, blame it on us  
Blame it on us I blame it, I blame it  
I blame it on, I blame it on  
I blame it on us
