

# Natural

Sabrina Claudio

I haven't felt this type of thang in a while  
I thought I lost myself in love until I found you I can't predict my fate but I can't be his no more  
Oooh, two years enough, few days  
But my week with you means more, oooh I'm quickly fallin' and it feels natural  
I'm quickly fallin' and it feels natural I haven't felt these butterflies  
since I don't even know  
Nobody really knows my name  
Because all you call me is beautiful I can't predict my fate  
But I can't be his no more  
Oooh, two years enough, few days  
But my week with you means more, oooh  
I'm quickly fallin' and it feels natural  
I'm quickly fallin' and it feels natural
