

# Riot

## Bullet for My Valentine

Are you ready? It's time for war  
We'll break down these fucking doors  
Smash the windows, tear down the walls  
We won't stop 'till it's all destroyed  
Let it out, just let it show!  
We'll burn it down, and we'll lose control  
Set the fires, can you feel the heat?  
Tonight we're alive, there's no time to sleepWoah!  
Riot!  
Woah!  
Riot!  
Woah!  
Here comes the sirens, here comes the law  
Woah!  
Run from the sirens, run from the law  
Woah!  
Round two, are you feeling alive?  
We'll overcome, we'll fucking survive  
Smashing the boundaries, breaking the law  
We can't stop 'till it's all destroyed  
Let it out, just let it go!  
We'll burn it down, and we'll lose control  
Set the fires, can you feel the heat?  
Tonight we're alive, there's no time to sleepWoah!  
Riot!  
Woah!  
Riot!  
Woah!  
Here comes the sirens, here comes the law  
Woah!  
Run from the sirens, run from the law  
Woah!  
It's time to tear it all!Riot!  
Woah!  
Riot!  
Woah!  
Here comes the sirens, here comes the law  
Woah!  
Run from the sirens, run from the law  
Woah!  
Woah!

RIOT!
