

White Trash

Steriogram

Well, it's Saturday night and you know what that means
It's time for laps that's right start to rev those machines
You may think we're crazy driving round and round
But you would be this proud if your sounds were this loud Well, I got my holden and I'm ready
for rolling
This car ain't stolen, I've been saving my dough man
You may think I'm crazy and my brain is thrashed
But you're only saying that 'cause you ain't true white trash 'Cause I'm white trash, yeah, I'm real
white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash Well, I walked out of school at twelve I
couldn't handle those letters
So I started my career don't at my uncles car wreckers
You should see my new hairdo, dyed it jet black
Oh, well its short on top and it's long in the back
Well, I got my belt buckle and I'm wearing it out
'Cause I wanna show the ladies what I'm all about
Well, my jeans come in all colors as long as it's black
'Cause I wanna show the world that I'm true white trash 'Cause I'm white trash, yeah, I'm real
white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash 'Cause I'm white trash, yeah, I'm real
white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash Do you know what I mean?
Do you know what I mean? Well, I'm white trash, yeah, I'm real white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash
I'm white trash, yeah, I'm real white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash I'm white trash, yeah, I'm real white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash
If you wanna see white trash, I'll show you white trash 'Cause I'm white trash, yeah, I'm real
white trash
If you wanna see white trash, I'll show you white trash
'Cause I'm white trash, yeah, the true white trash

If you wanna see white trash, I'll show you white trash
Give me white trash till the day I die
Give me white trash till the day I die
Give me white trash till the day I die
