

# Still In Love With You

Thin Lizzy

Think I'll just fall to pieces  
If I don't find something else to do  
This sadness never ceases  
I'm still in love with you My head, it keeps on reeling  
It's got me in a crazy spin  
Darling, darling, darling  
Is this the end? Still in love with you They say time has a way of healing  
Dries all the tears from your eyes  
But darling it's this empty feeling  
My heart can't disguise  
After all that we've been through  
I try my best but it's no use  
I guess I'll keep on loving you  
Is this the end? Now that it's all over, woman  
There's something I think you should know  
Baby, baby, think it over  
Just one more time before you go Call on me baby  
If there's anything I can do for you  
Call on me baby  
Help me see it through I'm still in love with you BBC Version:  
by now you must be lonely  
you've been busted once again  
you haven't got a penny  
and you're feeling at the end  
just call on me baby  
if there's anything i can do for you  
just call on me baby  
i'm going to help you see it through  
i'm still in love with you the sunny days have drifted  
and it's getting oh so cold  
your spirit can't be lifted  
and your body starts to fold so don't you just sit there crying  
'cause soon you're going to mend  
things won't be so bad now baby  
once you know that there's a friend
