Love is what you giving me throughout the years  
Every time you need me, I will be there, my dear, I swear There is no faking no heartbreaking  
Like a volcano, this ya true love is shaking  
In tender caring we are partaking  
Woman, me feel, seh big things ina the making Intoxication of a certain kind  
I will admit that you suit my mind  
Palpitation of another kind  
Don't fast forward, baby, just rewind  
Joy ina your eyes, me nuh see no tears  
Love is what you giving me throughout the years  
Every time you need me, I will be there, my dear, I swear No mistaking in every thing you do  
And I will always be a part of you  
Jah, Jah made us and he will see us through  
Always and forever, baby girl, this love is true I've been searching for the longest time  
Almost givin' up never thought I would find  
Seen many roses die on the vine  
But a hidden treasure in you, I man find Joy ina your eyes, me nuh see no tears  
Love is what you giving me throughout the years  
Every time you need me, I will be there, my dear, I swear On the magic carpet we a ride  
Venus Jupiter to the other side  
Fi we togetherness, nuh need no guide  
There is nothing to be shame nothing, fi go hide  
A whole new world awaits  
Brighter than the pearly gates  
Where love is as strong as fate  
And life is about to give and to take Joy ina your eyes, me nuh see no tears  
Love is what you giving me throughout the years  
Every time you need me, I will be there, my dear, I swear
